TO THE TRADE

In issuing our Trade List for Spring 1930 we are offering the largest and most complete assortment of general nursery stock that it has been our privilege to quote. If you need something that we do not list, write us as we may have it; for we do not quote small lots of many varieties that we are growing.

SERVICE. We have unsurpassed equipment and a splendid organization enabling us to give the best possible service in handling our business.

BRANCH PLANTS. In addition to our large plant at Shenandoah, we have established branch nurseries at various parts of the United States where particular varieties can be best grown. We also have connections with reliable growers in Europe for Fruit Tree and Rose Stocks, Dutch Bulbs, etc.

COMBINATION CARS. We frequently are able to load combination cars for distribution from Chicago, Denver, Louisville, New York City, Painesville, Philadelphia, Rochester, St. Louis, Salt Lake City and other cities. Shipments handled in this manner make better time and usually a saving in freight charges. It is our effort to give our customers the best possible shipping service with a saving of time and transportation charges.

We solicit inquiries and orders from new customers and feel confident you will be pleased with our stock and service.

TERMS AND CONDITIONS

PRICES—The prices named in this list are based upon present market conditions and are subject to change without notice. These are trade prices and are for quantities specified. Long lists of trees or plants of a few of a variety will be billed 10% to 25% higher according to quantity ordered. All orders should be made for 10's or multiples of 10 of a variety; 50 to 100 of a variety at 100 rate; 300 in lots of 10 or multiples of 10 at 1,000 rate. **ALL PRICES ARE NET, BOXING OR BALING EXTRA; NO CHARGE FOR PACKING BULK CARS.**

SHIPPING—Please give shipping instructions whether by freight or express and route. If no instructions are given we will forward to the best of our judgment, without assuming responsibility. **ALL GOODS TRAVEL AT THE PURCHASER'S RISK AND EXPENSE.**

TERMS—Cash or satisfactory trade references. We extend the usual terms of credit to known, responsible buyers. All bills for stock shipped for Fall trade due not later than December first following and for Spring trade due not later than June first. **C. O. D. orders must be accompanied by one-fourth cash.**

CAUTION—We accept all orders subject to crop conditions and on condition that same shall be void should injury befall our stock from hail, fire, frost, error in count or other causes beyond our control.

GUARANTEE OF GENUINENESS—If any nursery stock, proves untrue to description or variety name under which it is sold, we hold ourselves in readiness, on proper proof, to replace such nursery stock that may prove untrue to description or name or refund the original amount paid. We shall in no case be liable for any sum greater than the amount originally received for said nursery stock.

CLAIMS for any cause must be made promptly on receipt of stock. **WE WILL NOT ENTERTAIN CLAIMS AFTER GOODS HAVE BEEN ONCE ACCEPTED**, or when report is not made within **TEN DAYS** after arrival of stock. **WE EXPRESS OR IMPLY NO WARRANTY AS TO PRODUCTIVENESS OR LIFE OF THE NURSERY STOCK WE SELL AND WILL NOT IN ANY WAY BE RESPONSIBLE FOR THE RESULTS SECURED IN TRANSPLANTING.**

HEIGHT AND CALIPER—Height given of fruit trees is approximate and represents average height of most varieties. Slow growing kinds will fall short of height specified as it is intended that THE CALIPER SHALL GOVERN.

FRUIT TREE STOCKS — AMERICAN GROWN

APPLE SEEDLINGS—The season has been favorable for growth and we have an excellent lot of strong vigorous stocks.

We have Kansas, Washington and Colorado grown apple seedlings.

Whenever possible we forward shipments in car lot to central distributing points, often making quite a saving in freight rates.

FRUIT TREE STOCKS—IMPORTED—FRENCH GROWN

Our imported French Stocks come direct from the best growers. Unless otherwise agreed, prices are net and for shipment from Shenandoah. All stocks are thoroughly inspected by a Federal Inspector and carefully regraded on arrival. By our method of handling, customers can depend on getting stocks of best quality without the risk of importing direct.

PEONIES

Our Peonies are strong 3-5 eye divisions taken from Three Year Clumps. This age and size plants have proven most satisfactory for the general trade. Figures after variety imply rate given by the American Peony Association.
